NORTHBRIDGE TENNIS CLUB (NTC) - COURT HIRE TERMS & CONDITIONS

Effective Date: June 2023

A Word of Warning:

Anyone choosing to use the NTC courts and facilities, do so of their own volition and at their own risk.

General:

NTC uses an online court booking system, to keep the process as simple as possible for court hirers

<https://northbridgetennisclub.skedda.com/booking>

By registering on this site, you agree that NTC may contact you regarding booking arrangements, conditions, and related information.

Please take the time to read these Terms & Conditions and refer any queries you may have to the club at ...

NTCCourtHire@hotmail.com.

Respecting our neighbours / and car parking:

The three enclosed synthetic grass tennis courts and amenities are near our neighbours, with whom the club enjoys an excellent relationship. We request that court hirers respect our neighbour's rights to their privacy, and endeavour to keep noise to a minimum when using the courts and facilities. Players are not permitted to enter neighbours' premises to retrieve tennis balls. Street parking is generally available but please ensure adequate space is left adjacent to neighbour driveways.

Cleanliness of the courts and facilities:

Please ensure the courts, surrounds and amenities are left as you find them, and ensure anything taken to the courts is removed or disposed of in the bins provided before you leave.

Casual Court Hire:

Casual court hire bookings can be made via the online booking system. Credit card payment in advance is required.

Coaching:

Please note that the only professional coaching services allowed at the facility are those provided under licence by What's That Racquet.

Changes or Cancellations:

Once a booking is paid and confirmed, you will not be able to edit this online. If a change is sought, please contact the club at NTCCourtHire@hotmail.com. Please note that changes or cancellations at short notice may not be possible.

Bad weather policy:

Please be aware that each of the three artificial grass tennis courts are well drained and will generally only be unplayable following prolonged heavy rain. In the event you believe the courts are too wet for play, please contact us immediately (via email and if possible, attaching a photo of the court surface) and request a substitute booking.

on behalf of NTC Board of Directors
